COPY CAT

HANDHELD DOCUMENT SCANNER

Capture books, papers, photos, and other documents.

COPY CAT is a handheld, portable scanner you can use to capture books, papers, photos, and other documents on the go. This compact, high-resolution scanning device works in modes up to 600 DPI and writes to a micro SD card so it's compatible with a wide range of devices.

You can store more than 30,000 pages of scans on readily available micro SD cards (up to 32MB). COPY CAT also has a USB cable so you can connect it to your computer for easy, drag-and-drop transfer to your Mac or PC.

COPY CAT runs on standard AA batteries, which last over 200 pages. It also comes with OCR software, which enables your computer to transform scanned words into editable text.

Transform all kinds of pages, pictures, books, and documents into the computer realm with COPY CAT.

Includes two AA batteries.
